

FOR IMMEDIATE RELEASE

**South Carolina Military Base Awards Contract to Intellicheck Mobilisa  
*Fort Jackson adds to Growing List of South Carolina Bases Using Defense ID***

**Port Townsend, WA** – September 24 2010: [Intellicheck Mobilisa, Inc.](http://www.icmobil.com) (NYSE AMEX: IDN), a global leader in access control and wireless security systems, received a contract from the US Army at Fort Jackson to provide them with the Defense ID<sup>®</sup> access control equipment. The value of the contract is approximately \$200,000 for equipment, software, installation, training and warranties.

Utilizing Intellicheck Mobilisa's patented ID reading technology, Defense ID quickly scans various forms of IDs, such as Drivers Licenses, Military ID's or Passports, and instantly compares the data to over 100 "bad guy" lists.

Fort Jackson, located in Columbia, South Carolina, is the largest Initial Entry Training Center in the US Army, and trains over 50 percent of all soldiers joining the Army each year. The post has over 52,000 acres, and 50 field training and range sites, as well as numerous Army Training Schools, to include the US Army Soldier Support Institute.

"Fort Jackson is an invaluable training facility for the US Army, training thousands of new recruits each year," said Mr. Steve Williams, Chief Operating Officer of Intellicheck Mobilisa. "We are very honored they chose our system to aid in protecting their facility and soldiers, and we look forward to working with them to continue to expand and enhance the security on post."

#### About Intellicheck Mobilisa

Intellicheck Mobilisa is a leading technology company, developing and marketing wireless technology and identity systems for various applications including: mobile and handheld wireless devices for the government, military and commercial sectors. Products include the Defense ID system, an advanced ID card access control product currently protecting over 80 military and federal locations, and ID-Check, patented technology that instantly reads, analyzes, and verifies encoded data in magnetic stripes and barcodes on government-issue IDs from U.S. and Canadian jurisdictions for the financial, hospitality and retail sectors.
