## **Intellicheck Mobilisa Named as Finalist in Two Categories for *Government Security News* 2011 Homeland Security Awards**

**PORT TOWNSEND, WA -- November 10, 2011** -- Intellicheck Mobilisa (NYSE Amex:IDN), a global leader in access control and wireless security systems, has been selected as a finalist in the *Government Security News (GSN) 2011 Homeland Security Awards*, in two separate categories. Winners in each category will be announced during an awards ceremony to be held Monday, November 14, 2011, at the JW Marriott Washington, D.C.

Intellicheck Mobilisa has been named a finalist for *GSN's Best Intelligence Data Fusion and Collaborative Analysis Solution* for the Company's *Aegeus Wireless Security Buoy System*, as well as *Best Identity Management Platform* for the Company's *Fugitive Finder* system. The *GSN* Homeland Security Awards will celebrate the ongoing public-private partnership between all branches of federal, state and local government in the United States and the private sector vendors of IT security and physical security products, solutions and technologies, whose combined efforts successfully defend and protect the nation's people, property and way of life.

The *GSN* 2011 Homeland Security Awards will once again be divided into three categories:

- Outstanding Vendors of IT Security Products and Solutions
- Outstanding Vendors of Physical Security Products and Solutions
- The Most Effective Federal, State and Local Government Agency Programs, Projects and Initiatives

"*GSN* is the leading source of homeland security news and information," said Steve Williams, CEO of Intellicheck Mobilisa. "They have long been our go-to source for learning about the latest rules, regulations and changes in government security policy. That *GSN's* awards panel has recognized our solutions as among the top in the industry is a tremendous achievement for us, and we couldn't be more pleased. We look forward to joining *GSN* and the other finalists in celebrating these achievements at Monday's awards ceremony."
